

Central Millwright Service LLC (CMS) is located in State Center, Iowa. The company was established in 2005 and is family owned by Donnie and Gina Bown.

Over the past eight years, CMS has been working to build and grow the company into the reputable business we are today. At CMS we believe in working hard to better the future for our customers and in making your grain handling facilities perform to your personal needs.

Along with owner Donnie Bown, CMS employees have over 15 years experience in the millwright fields of commercial, farm and industrial millwright work. CMS is proud of each job they have designed and completed. Every job has been done to the customers satisfaction.

In addition to the building and repairs of your grain handling equipment, we also offer crane service, fabrication, portable welding, all types of concrete work and dirt work. CMS is also a dealer of Sukup grain bins and steel buildings.

Contact owner Donnie Bown today for a quote on all of your grain handling needs.
